About GSA

A Multiple Award Schedule covers contracts that the GSA Federal Supply Service has negotiated with qualified companies for a group of related products or services to be delivered directly to the customer. The terms Federal Supply Schedule and Multiple Award Schedule are often interchangeable. Schedule contracts are awarded to companies supplying the same types of items - in this case, innovative strategic marketing, logistics, exhibit, and collateral material design, development and deployment - at varying prices. All you have to do is review the features and prices of the service you need, determine the best value for your agency, and place your order.

ADVANTAGES OF FEDERAL SUPPLY SCHEDULES

Flexibility

- Wide service selections
- No order limit/contract ceiling
- Multiple requirements awards

Cost Savings

- Reduced procurement time & administration cost
- No CBD/Fed Biz Ops synopsis necessary
- Vetted pricing fair/reasonable

Peace of Mind

- Regulation compliance
- Direct contractor agency relationship
- Competition requirements met

WHO CAN USE SCHEDULES?

- All federal agencies and activities in the executive, legislative, and judicial branches
- Mixed-ownership government corporations as defined in the Government Corporation Control Act, such as the U.S. Postal Service
- The government of the District of Columbia
- Other authorized organizations and activities

HOW TO ACCESS PSS SERVICES

GSA's streamlined ordering procedures have reduced the tedious, time-consuming government procurement process to a few simple steps. GSA has done this by prequalifying vendors to perform a range of services. GSA has reviewed vendor qualifications, capabilities and cost schedules in advance of the need for services, and identified these vendors, by type of service, on its [GSA Advantage!™](#) Web site. For Guardians of Honor, refer to Contract Number: GS00F156CA. This approval is valid for all organizations in the federal government, and other governmental agencies and can be completed in as little as three weeks.

To obtain GSA PSS schedule services and products, federal agencies work directly with approved GSA PSS contractors such as GOH. Please use the following simplified procedure for placing an order:

STEP 1: Prepare Request for Quote that includes:

1. A performance-based statement of work that outlines the work to be performed
2. Type of task order – labor hour (LH) or firm fixed price (FFP)
3. Basis to be used for contractor selection (i.e., best value, etc.)

STEP 2: Transmit the Request for Quotes to contractors:

1. Select at least three qualified contractors on the schedule
2. Send request for quotes to selected contractors

STEP 3: Evaluate Quotes:

1. Evaluate responses based on the factors identified in the request for quotes

STEP 4: Select the contractor to receive the order:

1. Place the order directly with GOH (the schedule contractor that represents the best value).
2. Issue directly from requesting agency's contracting office to the selected contractor without GSA involvement in the procurement process. All task order reporting requirements and remission of fees to the GSA are the responsibility of the contractor.
